ADIES AND GENTLEMEN IN EVERY TOWN on the Pacific Coast, to canvass for Bugbey's Patching and Darning Last; patented May, 1882. This novelty is akin to the sewing machine as a This novelty is akin to the sewing machine as a labor-saver; and the popular price of Fifty Cents causes it to be sought for by all having darning or mending to do. The use of this new invention makes the very unpleasant labor of mending a pastime and a pleasure. The amount of capital required is nominal. Canvassers of good habits, good morals and pleasing address will do well to call on the undersigned at Hobby's Stone and Earthenware Store, No. 317 J street, Sacramento, and examine the novelty soon. Address B. N. BUGBEY, owner of the patent for the Pacific States, P. O. Box 204. These lasts are for sale in nearly all first-class dry goods stores. Further Betails of the Missouri Cyclone -Houses Destroyed or Radly Damaged-Barns and Fences Prostrated and Trees Uprooted-Railroad Tracks Covered with Fallen Timber-Considerable Loss of Life-Miraculous Escapes-Appeals for Aid-Etc.

[SPECIAL BY TELEGRAPH TO THE RECORD-UNION.]

KANSAS CITY, May 14th .- The telegraph wires are still prostrated between here and the scene of yesterday's cyclone in southern Missouri, and no definite information regarding the storm has yet been received. In a general way it is stated that Oronogo was totally destroyed, and a number of persons injured, but not killed. A relief train was started from Joplie, but it could not proceed, owing to the railroad track being covered with fallen timbers. Further efforts are being made to reach the place both by train and telegraph, and it is believed that news of the situation there will very soon be received. At Liberty, Mo, several HOUSES WERE DESTROYED OR BADLY DAM-

And in a county adjacent several farm-houses and other buildings were blown down, fences destroyed and trees uprooted. At Missouri City, on the Missouri river, the steamer Bright Light was torn from her moorings, blewn across the river, and lodged on a sandbar. Near Pattonsburg the storm was severe, leveling several house, blowing down trees, fences, etc. Fragments of houses and pieces of clothing were blown into Pattonsburg from across Grand river, indicating that a good deal of destruction was done on the south side of that stream. At Troy, Ks., sixteen miles west of St. Joseph, Mo., two houses were demolished, but no one was hurt.

[SECOND DISPATCH.] KANSAS CITY, May 14th .- The latest estimates place the loss of property near \$300,-000. At least fifty buildings were blown down and two hundred more badly damaged. There are four reported killed -- a citizen, name unknown ; two employes of Cole's circus, and a boy named Silben. The circus had just arrived, and the tents had not been raised. The character of the property destroyed is chiefly dwellings and shrubbery. The path of the storm did not touch the business part of the city, and the stores destroyed were those of small retailers scattered throughout the residence portion. Kump's brewery, corner of Main and Fourteenth, suffered severely; the new German Evangelical Church, costing \$35,000, is ruined; also the new Methodist Church on Lydia avenue. Prominent among the houses demolished are those of J. C. Horton, Rev. A. D. Madeira, John Hengle, Dr. Crow, T. L. Glenn, J. Upton Berry, O. S. Tewin, E. J. Frey, B. F. Pierson and L.

sion and block up the roadway at many places. The cyclone was accompanied by torrents of rain and beating hail, which, pouring into the dismantled houses, greatly ncreased the work of general destruction. In several instances heavy beams, striking the walls, were driven almost entirely through confined to a narrow limit, the people in the streets all succeeded in getting out of its way, but many of those in the houses had not sufficient warning to get out before the hurricane was upon them, and those generally retired to the cellars. Greater damage was done east of Main street than on the west side. From Main street the hurricane followed Fourteenth to Grand avenue, thence to McGee, destroying all the houses on the south side for one block. From Oak to Louise, on Fourteenth street, all the houses facing the park were wrecked. Here the wind lifted for about a block, then dropping again, cleared the north side of Thirteenth street for another block. Reaching Twelfth street, another the point of termination the buildings here

and there were touched by the zigzag winds, internally, very serious; H. Lebrecht, dan- northeast of Joplin, and had about 600 pec gerously injured internally; Mrs. Trainor, injured about the knees; Mrs. S. Soric, ankle broken; Mrs. Thomas J. Dye, dangerously injured internally; Mrs. Wm. McClellan, injured internally; three-year-old child of Mrs. Mary Jackson (colored), fatally injured internally : Arthur Whitney, aged 12 years, dangerously injured about the head; Mrs. Cynthia Davis, terribly injured about the head and face : Frank Jenkins, badly hurt about the head and face; two children of Joseph Jackson, one 4 years old, not expected to live. Jackson was lying ill in bed, when the roof was taken from over his head. A George Goodman, fatally injured; child of Ed. Wheeler is badly hurt. Captain Ellis, seriously hurt; Charles Wyatt, leg and Joseph Burns, who was killed, was an old James Jacobs, aged 10, found on the prairi when he was struck by the flying timbers of a James Cummings, leg broken and head bar house His neck was broken and his bruised; Mrs. Dr. Lafayette, injured slighthay-house. His neck was broken and his head crushed. Willie S. Giben was killed Mollie Haines, thought to be fatally injured by the overturning of a wagon at the circus | Emma Haines, fatal wound in head; ground. Mrs. Read was blown against a Ellis, injured in arm and hip; Mattie Haines, ground. Mrs. Read was blown against a not expected to survive the day; J. Hyatt, a child, head injured; Ezra Goodwin, leg that two employes of Cole's Circus were broken.

killed, but this is not confirmed. A reporter just arrived from Wyandotte brings the intelligence that the destruction in Wyandotte, indicates the disaster was widespread. A drive for several miles through injured. the country along the track of the storm found everything within its confines swept away. Many of the houses are gone and sev-

to-day does not add to the list of killed and injured sent this morning. A number of others received scratches and bruises, but were not seriously hurt, and of those of the injured in the city, previously reported, it is age. now thought that all will recover. Many singular freaks of the wind are recorded. One man had his clothes literally torn from more. Much of it, such as shrubbery and household goods, cannot be estimated. The

Reports from the branch of the storm which crossed Wyandotte county estimate con. Mr. Read and three other children were so badly hurt that their recovery is doubtful.

the storm, and the building was torn to atoms. The track of the Missouri Pacific is

reported obstructed by a land-slide south of Leavenworth, and the morning trains had The Railread Commissioners-Fort Yuma not arrived at noon. FURTHER LIST OF INJURED. KANSAS CITY, May 14th .- Following are

additional names to the list of injured, gathered late to-night: Mrs. C. E. Miller and three children, Charles Buster, A. M. Smith and family, William Barnes and wife, Stephen Sloth and wife, Mrs. Harp, E. Bants, A. Cooley and C. L. Burrows. These are all in the adjoining county, and seriously hurt. Dr. Miller, who went into the country to help in the relief work, returned late to-night and reports the destruction more widespread than has been supposed. From observation he estimates the track of the storm through the farming country adjacent nearly fifteen

miles long.

A TOWN TOTALLY DESTROYED. CARTHAGE (Mo.), May 14th .- At 7:40 yesa few dwellings in the southeastern part. Six made on defendant's attorney. This is a new persons were killed and thirty-three wounded. proceeding in the slickens suit. many seriously, and perhaps fatally. The storm was not so disastrous to Webb City as at first reported. Very few people were hurt, and none killed. A few houses were unrocfed, and some moved off their foundations.

Business signs were carried three miles from paneling the jury then proceeded, and at 5 P. M. the required twelve were obtained and the city by the wind. Joplin and Carthage escaped with very little injury, but the storm passed up Spring River valley, demolishing everything in its way, killing and injuring people and stock. The cyclone was about two hundred yards wide, and travelled in a northeasterly direction.

A FAMILY TAKE REFUGE IN A CAVE. St. Joseph (Mo.), May 14th .- Information from Balckow, a few miles north of here, on the Chicago, Burlington and Quincy Railroad, is to the effect that a cyclone passed over Whiteville, Andrew county, last evening, doing very little damage there, however, but destroying several farm-houses, barns, orchards and other property in the vicinity. William Stingley lost his house and all his outbuildings, the whole outfit being destroyed. The family took refuge in a cave, and were | ing sheep. not harmed. Simon Stingley, whose farm adjoined William's, had all his property destroyed. His mother, who was alone in the house, was carried ten or fifteen rods, and died in an hour from the injuries received. Considerable other property, including houses, in the track of the storm, was greatly damnow. Much damage to farms by heavy rains gun, with one barrel discharged. He had blown the top of his head off. The Coroner's

POLITICAL OFFENSES. In the treaty between Belgium and the

United States, consummated in the year 1882, a precedent was set as to recognition of crimes that have heretofore had shelter under the plea of political offenses. One clause relating to extradition reads : "An foreign Government or against that of any member of his family, when such attempt, omprises the act either of murder or assassination or of poisoning, shall not be considered a political offense or an act connected with such an offense." No other convention between the United States and a foreign country contains a similar clause. No other treaty provides that for such offenses as are above named the guilty shall be extradited. But the clause does not include attempts upon the lives of minor officers of a Government. Had Guiteau escars of a Government of the first of the hall and lights, but Billy wouldn't have it. Disastrous Lumber Fire. held at the same place Sunday evening next, AUBURNDALE (Wis ), May 14th .- At an early hour this morning a fire was discovered in R. Conners & Co.'s lumber yard, then being well under headway. With a wind which prevailed to fan the flames, and com-paratively nothing to check them, the fire was soon beyond all control, and raged without restraint. Fully 6,000,000 feet of lumber was destroyed, and but three piles in the corner of the company's yard are left. The Conley Manufacturing Company is also a loser. Three Wisconsin Central cars, which had been put in on one of the Conley Three Wisconsin Central cars, Company's track for loading, were slightly damaged before they could be removed. No other cause can be assigned for the origin of the fire than that of incendiarism. Loss.

THE WEATHER. - The weather continues cold and windy, and yesterday a sprinkle of rain fell here. The prospects for racing, picnics, etc., during this week appear somewhat Dispatches received at this office last evening show that yesterday it rained, hailed and snowed in various parts of the and in the southern part of this county, and in the vicinity of Woodbridge, Acampo, New Hope and San Josquin county, rain fell in torrents for more than an hour in this evening. A choice programme has been the afternoon, preceded with lightning, prepared. thunder and a fall of hail. A dispatch from Calistoga last evening says: "Rain and some hail fell here to-day, and the top of the range of hills on the north side of the valley showed ome snow for a short time. A similar sight here so late in the season is not remembered by any of the old residents. The air is some what chilly this evening, though the heavy pear before morning. SE JUNE AGAIN.-Yesterday in Department One of the Superior Court a jury was impaneled to try the Chinaman, Se June, on a second charge of receiving stolen property.

The hearing of the case will commence this morning at 9:30 o'clock. Se June was recently tried for receiving stolen property. impaneled to try the Chinaman, Se June, on recently tried for receiving stolen property and the jury in the case rendered a verdict of not guilty. Both the cases grew out of some not guilty. Both the cases grew out of some freight car robberies which took place last November. The principal witness is Frank Clifford, who has acknowledged stealing the property and says he sold it to the China-man. Clifford was arrested one night by George Beeler and Pat Rice, the two railroad freight-shed officers. He had removed several packages of tobacco before he was caught, and these were at once recovered by the officers. As Clifford now has an informa-tion for burglary hanging over his head, and is a self-convicted thief, his evidence was evidently not considered by the former jury

THE FOLSOM MURDER.-The RECORD-Union's Clarksville correspondent sends the particulars of the murder in New York Ravine, above Folsom, on the Coloma road. The main facts are identical with those published yesterday morning. The correspondent states that James Page, the man arrested for the murder, has been a terror to the com-munity, from Folsom to Shingle Springs, ever since his release from the State Prison, which was a few months ago; that he had a difficulty with a man named Leyke, in which the latter was cut with a knife in the "Michael Strogoff." There was a fair audi-hand of Page, but that the matter was settled without getting into the Courts or the papers. He concludes by saying that there is no doubt of the suilt of Page.

In fact, one man who sat near the front became so enthusiastic in the more interesting

Police Court—Mayo's Case.—Eli Mayo was arraigned in the Police Court yesterday morning on a charge of misdemeanor, and morning on a charge of misdemeanor, and demanded a jury trial. A venire for twentyfour jurors was issued, returnable to-morrow, at which time the case will be tried. Frank McClintock pleaded guilty to a charge of battery, and was sentenced to fifty days in the County Jail, with the alternative of paying a fine of \$50. CITY TRUSTEES. - The Board of City Trustees met in regular session yesterday morning, all the members present. Several pe titions in regard to the laying of water pipes were received and placed on file. A commu-nication was received from the Board of Health, stating that John Shellars had been chosen by them to act as Health Officer, but the election was not confirmed. An ordinance relative to the safety of buildings was introduced by Trustee Neilsen, and under the rules laid over for one week. After allowing a number of bills the Board adjourned.

THE WAXWORKS .- Yesterday, by special invitation of Mr. Kohler, the children of the Orphan Asylum visited the waxwork entertainment at Turner Hall. The children were particularly pleased with the Tom Thumb group and the "talking machine." On Thursday the exhibition will be augmented by twenty-five or thirty figures. The entertainment continues to draw crowded houses.

#### NEW AUTOMATIC AIR-BRAKE.

Recently a newly-patented Westenhouse airbrake was attached to a number of freight cars of the Central Pacific Railroad, and last Thursday a train consisting of twenty-six freight cars, one caboose and two engines, equipped with the new brake, left this city for a trip "over the hill" to test the invention. This brake works directly opposite to the Westenhouse air-brakes now in use, and instead of applying the air when it is wished to stop the train, it is applied at all times, when the brake is free, and the moment the pressure is released the brake is applied with sufficient force to stop a car instantly. It works as easily and is under as complete control of the

engineer as the brake new in use, and has the advantage of stopping a car or a train that gets beyond the control of the engineer, besides it is so arranged that by turning a cock at any car the train will be stopped at once, thus enabling the conductor or brakeman to stop the train if necessary. All that is claimed for the new brake was substantiated by the experiment last week.

The engagement of Miss Jennie Label and Fred M. Thal, of San Francisco, is announced.

Rev. Dr. Elkan Cohn and his son, Dr. J. E. Cohn, The train above mentioned was accompanied by Assistant Superintendent Muir, Master Car Builder Welch, Assistant Master Car Builder Turner, T. J. Flanegan, and Mr. Frazer, a representative of the Westenhouse Air Brake Company. The two engines drawing the cars had been fitted up with the new air purpose which are much

with the new air pumps, which are much larger than those now in use. On the road just above Newcastle, where the grade is 106 feet to the mile, the train was climbing the mountains at a speed of about seven miles per hour, when eight of the rear cars were cut off. These cars scarcely moved after they were detached, while the remainder of the train came to a stand-still in about eight feet and without the engineer touching his en-gine. Several other tests were made on the trip across the mountains. Friday, at Boca, the 26 cars were loaded with wood, and Sat-urday morning the party with the train left Truckee on the return. On the way to the

METROPOLITAN THEATER.—The week's engagement of the Palmer Dramatic Company and others, under the management of F. W. Bert, was commenced last evening at the "Michael Strogoff," There was a fair audiwill run much more smoothly this evening upon its repetition. This is unavoidable where so large a number are locally added to give greater numerical effect than can be secured by an ordinary dramatic company. The Governor's Guard Cadets, under command of Captain Eisenmenger, appeared in the illuminated fete in the first act with good effect and in fine drill. The leading parts in the play were generally well sustained. Joseph R. Grismer, as Michael Strogoff, presented with very good command the cool bravery required in the hero's part, while George W. Wessells, as Ivan Ogareff, held very evenly with him the particular of the heartless. New Firm.—Woodburn & Barnes this morning announce themselves as successors to the Miss Henrietta Osborne, failed in intensity of soldiers, and there meets her son and pleads with him for his recognition, which he so coldly refuses, to prevent divulging his real character of a spy, but later in the play she rises to the full conception of her part, and gives it with marked effect. The scenic effect is very good; the scenery for the piece having been brought from the California Theater, and is mostly new here. The same play will be presented again this evening On Friday evening a complimentary benefit will be tendered to the Governor's Guard.

Early last evening E. A. Burr, one of the pieneers of this city, and a member of the Pioneer Association, left his residence on J street, between Eighth and Ninth streets, and repaired to the Pioneers rooms in their hall, where he proceeded to enjoy a chat with a number of the "old boys." Mrs. Burr was spending the evening with a friend. This was without any regard to the fact that the day was the thirty-eighth anniversary of the marriage of Mr. and Mrs. Burr. The friends of the couple, however, had not forgotten the occasion, and determined to give them a surprise, and they, to the number of about fifty, met at the residence of R. B. Harmon, and marched in a body to the Burr residence, where they proceeded to take charge of the premises. Word was sent to the wandering couple that they were wanted at home, and almost simultaneously, at about 8:30 o'clock, they arrived to find a complete surprise, as stated. The assembled friends had brought a profuse supply of flowers arranged in almost every style known to the florist. Among these were a lot of orange blossoms with which the "bride" was afterward decked, and Rev. Carroll M. Davis proceeded to reit the matrimonial knot. The service was one of great merriment, especially when the order came to "salute your bride." After congratulations the party proceeded to enjoy themselves with music, games, etc., until shortly after 10 o'clock, when, under the direction of the guests, who insisted on officiating, an elegant lunch was brought in from Peterson's and served. cold and windy, and yesterday a sprinkle of rain fell here. The prospects for racing, picnics, etc., during this week appear somewhat gloomy. Dispatches received at this off. last evening show that yesterday it rained, hailed and snowed in various parts of the State, but not canarally. In State, but not generally. In many places lightning and thunder accompanied the storm. In the southern part of this county, and in the vicinity of Woodbridge, Acampo. New Hope and San Joaquin county, rain fell in torrents for more than an hour in the afternoon, preceded with lightning, the afternoon, preceded with lightning, thunder and a fall of hail. A dispatch from Calistoga last evening says: "Rain and some hail fell here to-day, and the top of the range of hills on the north side of the valley showed some snow for a short time. November. The principal witness is Frank Clifford, who has acknowledged stealing the property and says he sold it to the Chinaman. Clifford was arrested one night by George Beeler and Pat Rice, the two railroad freight-shed officers. He had removed several packages of tobacco before he was caught, and these were at once recovered by the officers. As Clifford now has an information for burglary hanging over his head, and is a self-convicted thief, his evidence was evidently not considered by the former jury

THE FOLSOM MURDER.-The RECORD-Union's Clarksville correspondent sends the particulars of the murder in New York Ravine, above Folsom, on the Coloma road. The main facts are identical with those published yesterday morning. The correspondent states that James Page, the man arrested for the murder, has been a terror to the community, from Folsom to Shingle Springs, ever since his release from the State Prison, which was a few months ago; that he had a difficulty with a man named Leyke, in which the latter was cut with a knife in the hand of Page, but that the matter was set-

morning on a charge of misdemeanor, and demanded a jury trial. A venire for twentyfour jurors was issued, returnable to-morrow, at which time the case will be tried. Frank McClintock pleaded guilty to a charge of battery, and was sentenced to fifty days in the County Jail, with the alternative of paying a fine of \$50. Four Chinamen who had been arrested by the rellitar collector was been arrested by the poll-tax collector were discharged, that officer not putting in an appearance. James McGonnicle, charged with being drunk, did not answer to his name, and his deposit was declared forfeited. Jake Judy pleaded guilty to disturbing the peace, and was fined \$5.

CITY TRUSTEES .- The Board of City Trustees met in regular session yesterday morning, all the members present. Several petitions in regard to the laying of water pipes were received and placed on file. A communication was received from the Board of Health, stating that John Shellars had been chosen by them to act as Health Officer, but the election was not confirmed. An ordinance relative to the safety of buildings was introduced by Trustee Neilsen, and under the rules laid over for one week. After allowing a number of bills the Board adjourned.

THE WAXWORKS.-Yesterday, by special invitation of Mr. Kohler, the children of the Orphan Asylum visited the waxwork entertainment at Turner Hall. The children were particularly pleased with the Tom Thumb group and the "talking machine." On Thursday the exhibition will be augmented by twenty five or thirty figures. The entertainment continues to draw crowded houses.

### NEW AUTOMATIC AIR-BRAKE,

Recently a newly-patented Westenhouse airbrake was attached to a number of freight cars of the Central Pacific Railroad, and last Thursday a train consisting of twenty-six freight cars, one caboose and two engines, equipped with the new brake, left this city for a trip "over the hill" to test the invention. This brake works directly opposite to the Westenhouse air-brakes now in use, and instead of force to stop a car instantly. It works as

applying the air when it is wished to stop the train, it is applied at all times, when the brake is free, and the moment the pressure is released the brake is applied with sufficient easily and is under as complete control of the engineer as the brake now in use, and has the advantage of stopping a car or a train that gets beyond the control of the engineer, be-sides it is so arranged that by turning a cock at any car the train will be stopped at once, thus enabling the conductor or brakeman to stop the train if necessary. All that is claimed for the new brake was substantiated

by the experiment last week.

The train above mentioned was accompa The train above mentioned was accompanied by Assistant Superintendent Muir, Master Car Builder Welch, Assistant Master Car Builder Turner, T. J. Flanegan, and Mr. Frazer, a representative of the Westenhouse Air Brake Company. The two engines drawing the cars had been fitted up with the new air pumps, which are much larger than those now in use. On the road just above Newcastle, where the grade is 106 feet to the mile the train was climbing the feet to the mile, the train was climbing the mountains at a speed of about seven miles per hour, when eight of the rear cars were

cut off. These cars scarcely moved after they were detached, while the remainder of the train came to a stand-still in about eight feet and without the engineer touching his engine. Several other tests were made on the trip across the mountains. Friday, at Boca, the 26 cars were loaded with wood, and Saturday morning the party with the train left Truckee on the return. METROPOLITAN THEATER.-The week's engagement of the Palmer Dramatic Company and others, under the management of F. W. Metropolitan in the spectacular drama of "Michael Strogoff," There was a fair audience, and the presentation was well received. In fact, one man who sat near the front he tled without getting into the Courts or the papers. He concludes by saying that there is no doubt of the guilt of Page.

In fact, one man who sat near the front became so enthusiastic in the more interesting in the came so enthusiastic in the more interesting in the came so enthusiastic in the more interesting in the came so enthusiastic in the more interesting in the came so enthusiastic in Police Court—Mayo's Case.—Eli Mayo was arraigned in the Police Court yesterday morning on a charge of misdemeanor, and portions that his excessive applause added too much to the realistic, and he had to be suppressed. The several parts of the play were very well rendered, but the whole piece will run much more smoothly this evening upon its repetition. This is unavoidable where so large a number are locally added to give greater numerical effect than can be secured by an ordinary dramatic company. The Governor's Guard Cadets, under command of Captain evening upon its repetition. This is unavoidable where so large a num-ber are locally added to give greater numerical effect than can be secured by an ordinary dramatic company. The Governor's Guard Cadets, under command of Captain Eisenmenger, appeared in the illuminated fete in the first act with good effect and in fine drill. The leading parts in the alar fine drill. The leading parts in the play were generally well sustained. Joseph R. Grismer, as Michael Strogoff, presented with very good command the cool bravery re-quired in the hero's part, while George W. Wessells, as Ivan Ogareff, held very evenly with him the position of the heartless Tartar chieftain. Marfa Strogoff, in the person of soldiers, and there meets her son and pleads with him for his recognition, which he so coldly refuses, to prevent divulging his real character of a spy, but later in the play she rises to the full conception of her part, and gives it with marked effect. The scenic effect is very good; the scenery for the piece having been brought from the California Theater, and is mostly new here. The same play will be presented again this evening. On Friday evening a complimentary benefit will be tendered to the Governor's Guard.

SULLIVAN AND MITCHELL. The Englishman "Knocked Out" by th American Champion.

New York, May 14th .- Notwithstanding the unpleasant weather, an immense crowd assembled in Madison Square Garden tonight to witness the glove contest between Sullivan, champion of America, and Mitchell, introduced as the champion of England. The holders of \$1 tickets were admitted at the Fourth avenue entrance, while holders of \$2 tickets entered at the Madison avenue door. There were about 7,000 persons inside the building, and the boxes were filled with prominent club men and politicians. Roscoe Conkling and Charles A. Dana had front seats in the space reserved near the platform for the press. The ceremonies opened at 8:30 by sparring between Pete McCoy and Bob Mullaney. Then came set-tos between John Reilley and Steve Taylor, Jim Kelly and Jerry Murry and others. The crowd becoming impatient, loud calls were made for Sullivan and Mitchell. There was great applause when Sullivan appeared upon the stage in fighting costume. Mitchell was also warmly applauded. Before time was called Captain Williams cautioned the two men. Work was earnest from the start. Sullivan went viciously at Mitchell, and the latter, in getting out of his way, fell twice. Watching Sullivan went down. He got up and closed with Mitchell, and there was close fighting until time was called and the men ordered to break. In his corner Mitchell looked fresh, smiling and confident, while the breathing of Sullivan was labored, plainly showing want of condition. The second round was very spirited. Mitchell danced around Sullivan, and then closing suddenly upon him drove him back upon the ropes. Sullivan got up and pursued the Englishman with caution, evidently bent upon delivering a knock-out blow. He caught Mitchell square in the face, and the Englishman went down, but got up quickly, and after sharp half-arm fighting Sullivan threw him hard across the ropes. The latter sprang lightly to his feet, was knocked down and got up dazed. Sulli-

van pressed him, and drove him to the ropes again, and threw him clean over them, the Englishman falling head down and his feet sticking straight up in the air. In the third round the excitement was intense, Mitchell got in some sharp body blows on Sullivan, but the latter delivered his blows with great directness and force, and the Englishman was twice knocked down. The third time he rose quite groggy, when Captain Williams rushed upon the stage and or dered the fight stopped. There was much confusion for a few minutes, but when order was restored both men removed their gloves, shook hands and were presented with bouquets of flowers, and Sullivan was officially declared the winner of the match. Mitchell was voted a game and clever boxer, but too light to cope with a heavy-weight like Sullivan. The winner took 60 per cent. and the loser 40 per cent. of the gate receipts, which amounted to about \$10,000.

BARLEY—A very unsettled feeling prevails. The course of the market for the remainder of the month will depend largely on the volume of receipts. The short interest express confidence in being able to meet all contracts for May, and the slow movement and low ruling rates favor this idea to some extent. Still there are others who contend that a differ

Still there are others who contend that a different aspect will be presented within a couple of weeks. Supplies for some time have been running down until within two or three days, since when there has been a marked increase in the quantity of arrivals. On call to day \$1 17 was the best bid for spot No. 1 Feed, while outside sales are said to have been made at \$1 17½. WHAT IS SAID TO BE TRUE.

A song of my darling who came through the meadow.

With bonny brown hair and her kirtle so red.

The sunshine she brought with her stole through The sunshine she brought with her stole through my shadow,
And sweet to my ear were the words that she said. She gave me a flower that she wore in her bosom,
And violets not half so blue as her eyes,
Deep down in my soul they immortally blossom.
I read her warm heart through their fairy disguise.
She makes no pretense of undying devotion,
Her love, by her showing, is fleeting as dew;
She laughs at my constancy, yet I've a notion
She's truer than many who boast themselves true.
Her chiding is sweeter than others' caressing,
She leads me at will by a thread she doth hold;
The least little touch of her hand is a blessing;
And a kiss of my darling is better than gold.
